Memorandum of Association

on

Integrated B. Ed. Programme

In between

Post Graduate Training College (IASE), Jorhat, hereafter referred to as Party A
and

Bahona College, Bahona, Jorhat, hereafter referred to as Party B

A. Background

The NEP 2020 envisages new and novel educational architecture that will help and strengthen the structure of multidisciplinary education. Integrated B. Ed. programme is conformity with this vision. Moreover, considering the present scenario of B. Ed. Education in Assam there is shortage in institutional accommodation in comparison to requirement and students' demand. To meet this shortage there is already a government policy to open up integrated B. Ed. course by the P.G.T College in collaboration with neighbouring undergraduate college affiliated to the same university – as a pilot project.

P.G.T College (IASE), Jorhat was established in the year 1957, and for the last 64 years it has been serving for the noble cause of higher education accommodating coeducation for students from different parts of the states. Bahona College, affiliated to Dibrugarh

University was established in the year 1966 and for the last 55 years it has been serving education both in secondary and undergraduate levels.

On this backdrop, the PGT college of Jorhat opts to run integrated B. Ed. programme in collaboration with Bahona College, Jorhat. Accordingly this agreement of association is signed in the presence of both parties A and B to meet the following objectives.

B. Objectives

Objectives of the memorandum of association are –

1. To extend coeducation in Integrated B. Ed. programme in conformity with NEP 2020.
2. To work for professional development in the area of teaching.
3. To have joint effort to optimize the use of human and physical resources of both the agencies.
4. To have quality development on academic attainment through multidisciplinary education.

C. Provisions of Collaborations:

Since Party A is a reputed institution of teacher education in upper Assam, it will provide for expertise and human resources for smooth running of the courses. These will be in the form of teaching, guidance, assessment and evaluations.

Party B, on the other hand, will facilitate all infrastructural resources-classrooms, laboratories and ICT enabled services required for running the courses. Apart from this, faculties from Party B with requisite expertise and experience will also be engaged in a planned manner for conducting the courses.

D. Nature and Extent of Partnership

The nature of partnership of this memorandum of association is mutually beneficial academic exercise with a set goal of disseminating teachers' training programmes to the farthest extent possible. This partnership will work as an agency for materializing the universal goal of gross enrolment ratio in the arena of teacher education in our country.

At present, the extent of this partnership is focused on successful completion of the integrated B. Ed. Programme. However, we hope this will be enhanced in due course of time and will be extended to co-curricular aspects and other areas of mutual concern.

E. Modalities

In all matters, guidance, rules and regulations issued by the competent authorities would be followed letter and spirit.

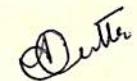

This Memorandum of Association is the complete agreement between

Dr. Arunima Dutta, Principal i/c P.G.T.C (IASE), Jorhat, Assam and **Dr. Prasanna Kumar Dutta, Principal, Bahona College, Jorhat, Assam** and may be amended only by written agreement signed by each of the parties involved. The MOA must be signed by all partners. Signatories must be officially authorized to sign on behalf of the agency and include title and agency name.
